The reports as amended and adopted are as follows:

To the Warden and Members of the County Council of the  
County of Norfolk.

Gentlemen:

The Conference with County Representatives called by  
Honorable Leopold Macaulay, convened in Committee Room  
No. 1 at the Parliament Buildings on Tuesday morning, Feb-  
ruary 23rd, and was a most representative meeting as every  
County in the Province, and every Suburban Commission had  
delegates present

The chief points that I gleaned from the very lengthy  
discussion were:—

1.—Practically every County has already decided on a  
program of no Road Construction for 1932, or practically  
none.

2.—All the delegates expressed themselves as believing  
the pay-as-you-go system of road building to be preferable  
to the Debenture system.

3.—It was the unanimous opinion of both Rural and  
Urban delegates that the cities are unquestionably not pay-  
ing a fair share of Ontario's network of Highways, in view of  
the very great benefits derived by them. I feel that the De-  
partment should and will take some action to equalize this  
obviously unfair arrangement.

4.—Opinion was divided on the matter of whether the Province should pay more than the present 50% of the County Road expenditures and many delegates felt that this amount should not be increased as some Counties would embark on too ambitious Road programs. In my opinion no change will be made in this respect at least in the near future.

5.—The topic probably closest to us all was the question of how much counties should pay towards King's Highway expenditures. Unquestionably the people of a county are benefited decidedly by the construction of King's Highways and in many cases it relieves the Counties of the entire burden of maintenance. The most perplexing angle of this problem is for Counties such as Peel and Essex, who have more than one parallel King's Highway running across them. In these cases certainly not much benefit is derived from the second Highway, and yet the County is burdened with this 20% of construction and maintenance, the latter of which is usually very heavy under these circumstances.

I do not believe that any relief will be afforded under this heading at present, although there is a strong agitation for the Department to take over the entire maintenance of these roads and charge Counties 20% of the construction only.

One feature in connection with this, however, is that proposed construction work is greatly curtailed. For instance, Norfolk County being set at only \$9000.00 and this fact will cause considerable relief throughout the Province.

It was felt by the Department that Counties should not have the right to refuse construction of Provincial Highways within their boundaries as an entire Highway program might be spoiled in case of such refusal.

I regret to say that many of the Counties find themselves in a serious financial condition, and it is my opinion that many municipal defaults will occur within the next few years unless commodity prices improve. I strongly urge that the County of Norfolk reduce expenses wherever possible so that our present solvent position may be maintained.

I thank the County Council for sending me to this meeting as I feel more closely in touch with the present vexatious Road Problems.

G. J. McKIEE.

## REPORT OF THE FINANCE COMMITTEE

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen:

We, your Committee of Finance, beg leave to report as follows:

On Tuesday, February 16th, your Committee met to endeavor to work out some reasonable plan in curtailing County expenses during the current year.

The work of the Committee was made more difficult by the fact of a possible deficit in last year's Road Account of some \$10,000.00, and about \$4000.00 in the General Account. Needless to say, these sums must be made up in addition to any saving effected for this year.

Your Committee do not feel that it is good business to make estimates and then have them exceeded, thereby creating an unfair task for the succeeding County Council.

After careful consideration, we felt that the rate for General purposes could be safely decreased from  $4\frac{1}{2}$  mills to  $4\frac{1}{4}$  mills. The small amount of the decrease is on account of the large uncontrollable expenses that occur under this head, but some relief is expected on Old Age Pension disbursements.

We recommend that the rate for Roads be set at 5 mills instead of last year's rate of  $6\frac{1}{2}$  mills.

We feel that practically no construction should be carried on during this year, and that the roads should be maintained as far as possible, but not to exceed the money allotted for the year.

We feel that the people of the County would be better served by having a substantial reduction in their taxes even at the cost of a few less perfect roads.

The whole aim and idea of every member of this Council will be defeated if these recommendations are adopted only to be later disregarded, as happened last year.

The reduction amounts to  $1\frac{3}{4}$  mills, or a total of \$48,666.75 on an equalization of \$27,810,000.00.

Any member of the County Council can easily figure the very great saving that this will make to the Tax Payer in his municipality by simply taking the percentage of County Taxes that the particular municipality is responsible for.

This reduction is not quite as drastic as it first appears due to the increase of one-half million dollars in the equalization and we urge the County Council to consider most seriously this proposed reduction, which, we feel, is a minimum, in view of existing conditions.

All of which is respectfully submitted.

## REPORT OF THE REFORESTATION COMMITTEE

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen:

We, the Reforestation Committee beg leave to report as follows:

We met at the Forestry Station on February 20th, at 10 a.m.

1.—One hour was devoted to general discussion of the various plantations that have been established, after which we proceeded to inspect the 100 acre plantation located at Lot 6, Concession 10, of Charlotteville. Arrangements were made for the removal of a number of old apple trees which were impairing the under growth of Red and White Pine.

The general condition of this plantation is excellent, and it is undoubtedly the best plantation in the County of Norfolk, if not in the Province of Ontario.

2.—The Turner Plantation, Lot 8, Concession 9, was visited next. On the whole the trees are growing quite satisfactorily. Unfortunately, ten per cent. of the Carolina Pop-

lar are suffering from cankerous growth, and should be cut out and burned to prevent spread of the disease. Arrangements were made for this removal without cost to the County. It is recommended that the gaps thus created be planted with Spruce.

The walnut trees which were planted in alternate rows with white ash, are not growing, and it is recommended that new furrows be plowed in the walnut rows and these replanted with white spruce.

Planting carried out on the orchard area has been fairly satisfactory, but there are a number of gaps which require filling.

It is estimated that the expenditure necessary to effect these corrections and adjustments should not exceed \$25.00.

3.—With regard to the Shellburg property, it was decided to advertise chestnut posts for sale at eight cents per post. It was further decided that no additional planting be carried out on this property during the coming Spring. This completed the morning's inspection.

4.—The Committee met again at 2.30 p.m., at the Court House, Simcoe, and accompanied by F. S. Newman, visited Bonny Heath farm. Previous to date it had been decided to plow under a considerable acreage of poor plantation which had become smothered out by heavy grass and weed growth. It is recommended that this area be sown to buckwheat, and worked for two seasons, after which it should be in excellent condition for reforestation. The soils of Bonny Heath Farm are quite suitable for the successful development of forest plantations.

The eight acre block of "estimated forty year old" natural growth white pine at the north-west corner of Bonny Heath Farm was also inspected. A number of trees have died and several are partly dead. This loss is not due to disease, but rather to the natural suppressive action of "dominants" characteristic of every woodlot.

The majority of trees in this lot are tall, straight and comparatively free of large limbs. Growth is not so vigorous as it might be, there being added about 3-8 inch in diameter per annum. Further detailed studies of the growth rate will be conducted during 1932. We found a few gaps, princ-

ipally, on the side of the hills in the Plantation, east of the gravel pit, which should be filled in this spring. The Elm and White Ash plantings on the lower ground are doing real well.

5.—It was not considered necessary to look over the 100 acre Plantation of Lot 11, Concession 1, as this was inspected last Fall, and reported in good condition, requiring no new planting.

6.—Half of Lot 12, on the 2nd Concession, was reforested last year, and the remaining half will be cleared, spotted, and ready for planting this Spring. Red pine and white spruce are recommended as being suitable species to use, and the planting costs are estimated not to exceed \$100.00.

7.—~~Lot~~ Lot 18, Concession 5, known as the Codling Plantation, was not inspected.

8.—Reeve William Collings reports that it is not advisable at the present time to extend the Wyecombe Plantation.

9.—On Frebruary 23rd, F. S. Newman inspected the Morrison plantation located on Lot 14, Concession 13, in North Walsingham. He reports that general conditions are good. The spruce which was planted on the low marshy section at the southern side of the plantation, is growing slowly but surely. It is recommended that red pine be planted in on fail places on two ridges, and that four other vacant spots be set out to white and red pine, comprising a total area not exceeding five acres, at an estimated cost of \$25.00.

General recommendations include:—

1.—That all fire lines be maintained in good condition.

2.—That arrangements be made with reliable farmers living in the vicinity of County plantations to be given a small fee and vested with authority to employ help in case of an outbreak of fire, and to notify the Forestry Station.

Conclusion:

In concurrence with the general trend of economy, every effort not compatible with progress has been made to curtail this year's expenditure in connection with tree planting. It is estimated that \$200.00 will cover all extension costs, and that the yearly maintenance will not be exhorbitant.

With the completion of this Spring's operation, all properties will have been entirely planted, and the problem is whether the County is going to stop its program of reforestation, or procure more land and carry on this great work of such fundamental importance.

All of which is respectfully submitted.

CHAS. STACKHOUSE, Chairman.

## **REPORT OF THE MANAGING COMMITTEE OF THE INDUSTRIAL HOME**

Gentlemen:

To the Warden and Members of the County Council of the County of Norfolk:

We, your Managing Committee of the Industrial Home, beg leave to report that they met at the Home on February 6, when it was decided to visit the Homes in Dunnville and St. Catharines to inspect the system of refrigeration in use in these Homes. As a result of these meetings we recommend the following:

1.—That a new metal ceiling be placed in the men's dining room to replace the plaster ceiling, now in dangerous condition and that the contract of W. H. Abbey of \$85.00, be accepted for this work.

2.—That the sum of \$40.00 be expended for a Radio to replace the one donated to the Institution some years ago, this amount also to include the installing of a second loud speaker in the ladies' rest room upstairs.

3.—That electric refrigeration be installed at the Home in a manner suitable to the Management and to this Committee at a cost not to exceed \$984.00.

All of which is respectfully submitted.

J. H. BOWDEN, Chairman.  
L. W. McCURDY.  
CHAS. STACKHOUSE.

## REPORT OF THE COMMITTEE OF THE WHOLE

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen:

We, your Committee of the Whole, beg leave to report the matters referred thereto have been considered in the following manner and we recommend the following:

1.—That the communication from Mr. Caesar re corn borer inspection in Norfolk County be filed.

2.—That Mr. Caesar be communicated with to find out why neighboring municipalities are not compelled to enforce a rigid corn borer inspection, Norfolk County in 1931, being practically free from the pest.

3.—That Mr. Porter be requested to write to the Minister of Health to find out what action was taken at the meeting held in Toronto on February 24, 1932, to discuss indigent patients in our hospitals.

4.—That the communications from the Treasury Department, Toronto, and Department of the Secretary of State of Canada, Ottawa, re salary adjustments of Government employees be filed.

5.—That no action be taken on the communication from Kent County concerning salaries paid to County officials.

6.—That application be made to the Workmen's Compensation Board for coverage of Industrial Home employees.

7.—That this County donate \$25 to the Hospital for Sick Children, Toronto; \$25 to the Salvation Army Rescue Home; and \$50 to the Canadian National Institute for the Blind.

8.—That no action be taken on the communication from the County of Wentworth re amending school age.

9.—That the report of the Finance Committee be adopted as read.

10.—That the report of the Managing Committee of the Industrial Home be adopted as read.

11.—That the report of the Reforestation Committee be adopted as read and that the Committee be empowered to dispose of the posts on the Shellburg property as posts or wood.

12.—That a donation of \$250 be made to the County Fair Board now and that \$250 be forthcoming in the fall if conditions warrant.

13.—That the matter of a grant to the ratepayers Association be laid over until the April session.

14.—That a 10% cut in salaries for the balance of the year be made on those employees of the County over whose salaries we have jurisdiction and that Mr. Porter be paid \$20 per month for services upon Old Age Pension Board.

All of which is respectfully submitted.

J. H. BOWDEN, Chairman.
